Sondra McNeil  
University Physicians, LLC

RE: Sole Source Qualification

Ms. McNeil,

This letter is to confirm that the MAS200 Accounting System is a sole source product, manufactured, sold and distributed exclusively by Sage Software. This product must be purchased directly by organizations from Sage Software. To the best of my knowledge there are no agents or dealers authorized to represent this product within the state of Mississippi.

I believe I qualify as a sole source due to my unique knowledge of the University Physicians accounting system gained as the original consultant that installed, setup, configured, trained users & provided support since 2007.

Sincerely,

J.M. WRIGHT
